

Objectives

As a passionate and experienced Software Engineer specializing in Flutter, I've spent the past few years bringing innovative app ideas to life. From leading development teams to ensuring smooth deployment, I thrive on creating user-friendly and efficient solutions. I love diving into new challenges, integrating various SDKs, and crafting reusable code. I'm excited to bring my skills and enthusiasm to a dynamic team where we can build exceptional software together.

Professional Experience

- **Software Engineer (Flutter)** (Apr 2022 - Apr 2024)
Quomodosoftware, Dhaka
 - Lead app development team
 - R&D - concept to deployment, maintain
 - Communication with other development team
 - Write reusable code using the **BLoC** architectural pattern
 - Implementation of different SDKs and plugins as per requirements
 - Work on **multivendor e-commerce** solution app: user, seller, and delivery end
- **Software Engineer (Flutter)** (Dec 2020 - Mar 2022)
Salah Software Solutions, Sylhet
 - Translate interactive UI design into Flutter
 - **REST API** integration
 - Implement plugin and SDK

Technical Skills

- **Primary Skills:** Flutter, Dart, Java, JavaScript, Python, RESTful APIs, Firebase.
- **Secondary Skills:** MVVM, JetPack Compose, GIT, Firebase Crashlytics, FCM, Bloc Pattern
- **Tools Expertise:** Android Studio, VS Code, Xcode, Postman, Figma

Academic History

- **Bachelor of Science in Computer Science and Engineering** (June 2020)
Metropolitan University,
Sylhet, Bangladesh.

Notable Projects

- **Shopo eCommerce - Multivendor eCommerce Flutter App**

ShopO is currently released on the **CodeCanyon** marketplace and is well-maintained with continuous updates by offering the latest features. This includes a complete solution for the modern e-commerce platform needed.

- Framework & Lang: Flutter, Dart
- Backend Lang: Php Laravel framework
- Payment Method: Stripe, FlutterWave, Instamojo, and 5 others
- Chat System: One-to-one text messaging; product inquiries available
- State management: **BloC** architecture
- Company: **Quomodsoft**
